

Whenever you see our MM buttons, you can save !

Mix & Match! Our Automatic Savings Program

Here's how it works:

Most product categories have their own color coded M&M button, i.e. packaged videotape is green , bulk CD and bulk DVD is  blue, etc. All products in the same category, with same-color M&M button, qualify for the 50+ pricing discount if you order at least 50 pieces within that category. You can order 10 of one, 10 of another, and 30 of something else... as long as they're all in the same category, and as long as it adds up to 50 pieces, you get the 50+ price and SAVE!

Look at these sample orders and compare:

SAMPLE ORDER at a website store without Mix & Match

The savings are automatic — You don't have to do a thing!

As your order attains the savings level for a Mix & Match product category, pricing is automatically adjusted in your cart. No coupons or promo codes to enter!
You'll see your cost savings every time you order from AVD!

SAVE on all these product categories! 

Due to industry price fluctuations, pricing show in this example does not necessarily reflect the current price for the product shown. This sample order is intended only as a demonstration of available savings when taking advantage of our Mix & Match program. Order total does not reflect shipping or other costs.
