

## RIMAGE AUTOMATED PRINTERS

### Rimage Everest™ 600 Thermal Retransfer Printer

When your on-demand CD/DVD printing requires tough, indelible print surfaces and high-resolution, photo-realistic images... The Everest™ 600 Thermal Printer delivers! Integrated into the Producer™ Series of automated disc publishers, it's now available as a standalone printer or auto-printer! Professional, highest quality thermal printing. Count on it!

- Everest 600 prints indestructible surface imagery – UV protected, scratch-proof, fade-resistant, waterproof, permanent!
- Thermal re-transfer printing at 600X600 dpi print resolution
- Edge-to-edge and on the hub printing of full color or black/grayscale with a simple ribbon change
- As little as one minute per disc – print disc after disc at continuous full speed
- Integrated Rimage Producer Software Suite 8
- One year limited warranty
- Customer Care Services available, including Rapid Exchange and software maintenance

### Everest™ 600 Thermal AutoPrinter

Hands-free printing of up to 300 discs at a time... a full color disc every 60 seconds until the entire job is done! Automate your CD/DVD printing with an Everest™ 600 Thermal AutoPrinter – for automatic workflow, automatic time savings and dead-on cost-per-disc budgeting.

- Automates the Everest 600 printing process for up to 300 discs per job
- Rugged, durable construction with integrated Producer™ Series robotics for maximum throughput
- Includes CD Designer™ label creation software
- One year limited warranty – Customer Care Services available

Rimage Everest Thermal Printers	Unit Price	Part No.

Everest 600 AutoPrinter, WIN/MAC, 300-disc capacity	..... \$7,230	4000471

### Rimage PrismPlus™ Thermal Printer

When only the ultimate in high-quality, single-color permanent printing (or over-printing) is demanded, the solution is the standalone Rimage PrismPlus™ Thermal Printer. It produces CD/DVD monochrome printing in black or spot color that is crisp and clear. It's rugged, with 24/7 operational durability. PrismPlus is also available as an auto-printer.

- Indelible, permanent Thermal Transfer Technology means no drying time
- Low cost-per-disc printing – only 4¢ per disc with full coverage
- Fast – print a disc in under 10 seconds
- 300X600 dpi printing resolution (Best mode)
- Perfect Print™ technology available for perfectly aligned “overprinting” of text or logos on pre-screened discs
- Six month limited warranty
- Customer Care Services available

### PrismPlus™ Thermal AutoPrinter

Ideal for high-volume, high-quality CD/DVD monochrome printing in black or spot color at unmatched speeds. One of the most cost-effective, automated performers in its class.

- Increase PrismPlus™ print production to 300 discs per job
- Fast throughput and low cost-per-disc printing – print a disc in as little as 10 seconds at only cents per disc
- 300X600 dpi printing resolution (Best mode)
- Perfect Print™ technology available for perfectly aligned “over printing” of text or logos on pre-screened discs
- Connectivity via Parallel, Serial or USB
- One year limited warranty
- Customer Care Services available, including Rapid Exchange and software maintenance
